

Community Partnerships

LEARN

1. Watch [this video](#) about forming partnerships in the community

Discuss: How are these community partnerships demonstrating an asset-based community development model?

What are the benefits of partnering with our community?

GROW

2. Hear about all our community partners

Using an ABCD lens, why are community partnerships important? How can thinking we can do everything ourselves hurt the body of Christ? How does partnering with our community build up the body of Christ?

MEET

3. Meet Roxanne Jones

Meet one of our awesome community leaders, Roxanne Jones! She does so much to help our community and works with agriculture and gardening to help make the community a better place.

SERVE

4. Serve members of your congregation or community

This could be doing yard work or picking up groceries for elderly or disabled members!
